**St. Louis Public Radio - More Radioactive Material Detected At West Lake Landfill -**  
12/10/13 - More radioactive material has been found at the West Lake Landfill in Bridgeton. The material was detected during radioactivity testing in preparation for the construction of a trench. That trench will separate radioactive waste at the West Lake Landfill from an underground fire smoldering at the adjacent Bridgeton Landfill. <http://news.stlpublicradio.org/post/more-radioactive-material-detected-west-lake-landfill>

**KMOV Ch. 4 St. Louis - More radioactive waste discovered at Bridgeton landfill - 12/10/13 -**  
More radioactive material has been discovered at a Bridgeton sanitary landfill that's bothered nearby residents due to its stinky smell, according to the St. Louis Post-Dispatch. <http://www.kmov.com/news/local/More-radioactive-waste-discovered-at-Bridgeton-landfill-235228621.html>
